**Sent:** Tuesday, July 23, 2019 2:59 PM  
**To:** TAG Members  
**Subject:** Cancellation notice: PSE's August 6, 2019 TAG meeting

To PSE's TAG Members,

This is a cancellation notice for the Technical Advisory Group (TAG) meeting scheduled for August 6, 2019. The meeting is being cancelled while the Energize Eastside appeals are pending (see further information below).

The energy efficiency dialogue will be postponed and rescheduled at a later date. PSE appreciates the time and energy of TAG member, Court Olson, in support of the energy efficiency dialogue. Mr. Olson's good work will be shared at a later date.

PSE regrets the inconvenience of this meeting cancellation.

*Energize Eastside update*

PSE's Energize Eastside South Conditional Use Permit, which was approved in June 2019, has been appealed by five different parties. The appeal parties include TAG members. At this time, PSE cannot give presentations and engage with appellants of this decision outside of the legal appeals process.

Although the presentation has been cancelled, PSE and independent experts' reports on project need and alternatives remain available on:

- PSE's Energize Eastside website [pse.com/energizeeastside](http://pse.com/energizeeastside)
- Partner Cities' Environmental Impact Statement website [www.energizeeastsideeis.org](http://www.energizeeastsideeis.org)
- Bellevue Hearing Examiner website
